

*PRODUCT INFORMATION SHEET*  
*Beer Glass Detergent*

**Beer Glass Detergent is a clear orange liquid with very little odour.  
It is designed to manually wash beer glasses**

---

***FEATURES***

---

- Beer Glass detergent contains water softening agents, detergents and a quaternary sanitiser. Together these clean glasses giving a sparkling finish, and also help to sanitise them.
- Beer Glass Detergent is not as foamy as normal manual dishwashing detergents making it easier to rinse off.

---

***HOW TO USE***

---

- Add 10-20 ml to a sink with brushes. Wash glasses over the brushes, then rinse with clean water.
- Change solution every hour, or more frequently if it becomes soiled.
- Do not add any manual dishwashing detergent to Beer Glass Detergent or deactivation of the sanitiser will occur
